

Announcing Office Move to New Location

January 4, 2010

Dear Valued Patient,

North Florida Center for Otolaryngology, medical offices of Dr. Taliaferro and Dr. Miller are pleased to announce the relocation of our office effective on January 25, 2010. This new location will house both North Florida Center for Otolaryngology as well as North Florida Center for Hearing and Balance.

Our new address will be:
3 San Bartola Drive
Saint Augustine, FL 32086

This building is located directly across from the main entrance to Flagler Hospital. A map of the location is enclosed with this letter. We hope that you will find our office much easier to access as this office is ground level and we will have our own dedicated parking lot.

We look forward to welcoming you to our new home at your next visit. The phone numbers have stayed the same. You may still reach the North Florida Center for Otolaryngology at (904) 823-8823.

We hope to see you soon!

Sincerely,

Arthur C. Taliaferro, MD
Robert S. Miller, MD
